

1 Download the CardSecure App and Register Your Cards

Download the CardSecure application from the Apple® app store or Google play™

Launch CardSecure app from the Farmers Mobile app
The app is shown as an option in the Farmers National Bank mobile app menu.

Choose Add Card
The user is prompted to select the '+' icon to add a new card.

Enter your 16 digit card number
The user enters their 16-digit card number.

Enter additional card details as requested
The user provides their address, security code (CVV2), and expiration date.

Validate your identity in one of three ways
The user provides the last 4 digits of their Social Security Number for verification.

Accept terms and conditions
The user reviews and accepts the CardVale Terms of Use.

Accept private policy
The user reviews and accepts the Privacy Policy for the CardVale Service.

Account created successfully
A confirmation message states: 'Card successfully added to Farmers CardSecure. It may take up to a minute to retrieve the associated accounts and details.'

2 Turn Your Card On or Off; Set Controls or Alerts; View Balances and Card Transactions

Select a card from the CardSecure home screen and you are ready to begin

Access Card Details
The user taps the card to view details, including the 'Card On/Off' toggle (currently turned on).

Turn your card on or off
A dialog box asks: 'Are you sure you want to turn your card off? All transactions, except for recurring payments, will be denied until you turn your card back on.'

Set Control Preferences
Options include: Locations (Disabled), Merchant Types (Disabled), Transaction Types (Disabled), and Spend Limits (Disabled).

Control Preferences
Control Preferences allows you to control which transactions CardSecure should approve based on specific defining factors. Set your unique control preferences by location, merchant type, transaction type, and spend limits.

Set Alert Preferences
Options include: Locations, Merchant Types, Transaction Types, and Spend Limits.

Alert Preferences
Alert Preferences allows you to tailor your alert notifications to your spending patterns and use them to notify you of unusual purchases via the mobile app.

Review Transactions
The screen shows 'No Transactions' for the selected card.
